IMMEDIATE RELEASE ALL MEDIA

Americans, the Christian Committee for the U. S. S. Liberty requests your support for a National Memorial Service, June 8, 1970, in honor of the American sailors who were massacred aboard this U. S. ship of the line on June 8, 1967, during the Israeli Six-Day War. All branches of the Federal Government and the news media have blanked out the memory of these heroic dead, who saved their ship from an unprovoked attack by aggressors.

Why were the men of the U. S. S. Liberty doomed to die? Life, June 23, 1967, page 29, said, "The Israelis had attacked because she had monitored orders proving that Israel had started the war." Newsweek, June 19, 1967, said the same thing.

The U. S. S. Liberty was a reconnaisance ship stationed to monitor Arab defenses and to warn Israel of possible resistence, yet she was attacked by the Israelis! Why?

A group of White House Zionists had gathered to celebrate the initial victory of the Zionist blitzkrieg as its Wehrmacht crushed the unprepared Arab defenders. These Zionists were stunned by reports from the U. S. S. Liberty that its monitors had recorded all of the Israeli attack orders! This proof of Israeli aggression had to be destroyed, and the White House Zionists ordered that the U. S. S. Liberty be sunk immediately, while the CIA prepared fake reports "proving" that it was sunk by Egyptian planes. The U. S. paratroops would land in Cairo, kill Nasser, and set up a Provisional Government for the Israelis. This plan was ruined because the Israelis could not sink the U. S. S. Liberty! Despite many hours of grueling attack, the heroic Americans fought on, surrounded by their dead, and saved their ship. But, instead of being rewarded for heroism, the survivors were placed under oath of secrecy, transferred to other ships, and the U. S. S. Liberty was renamed the U. S. S. Hyman Rickover, as the very name of the ship disappeared from history!

Many American career officers demanded that Israel be punished for the vicious attack on the U. S. S. Liberty. A military coup in Washington seemed imminent as the government tried to cover up the affair, and two admirals were placed under house arrest. Goldberg sent a frantic memo to Lyndon Johnson, "An investigation of the Liberty affair will mean civil war, as the military men and the working people will join to rise up against us."

The protesting officers were hastily transferred, their careers ruined because they had protested an attack on an American ship! A canned editorial appeared in American newspapers, denouncing the American government for having sent the ship to the area! An attack against all Americans, against our sovereignty, against our first line of defense, became a misdeed of our government!

The Zionist coverup in Washington succeeded, King Hussein of Jordan said, "We were not defeated by Moshe Dayan at our borders. We were defeated by Goldberg in New York," referring to the Zionist, Arthur Goldberg, who was American Ambassador to the United Nations.

Christian Americans, are you disgusted at seeing the American press slander our heroic fighting men as dope-crazed mass murderers? Help us to honor the brave soldiers, sailors and marines who protect our nation. Join us in honoring the American dead of the U. S. S. Liberty on June 8, 1970, Liberty Day.

Christian Americans, we must make REMEMBER THE LIBERTY our National slogan, as Remember the Maine was the slogan of an earlier, undefeated and free America. Only the bravest and the best will join us on Liberty Day, as the Department of Justice has threatened to prosecute members of the Committee as foreign agents, although we are American citizens. While Zionists like Goldberg, Javits, Ribicoff and Rogers propagandize Americans in violation of the registration statutes for foreign agents, Americans who wish to honor American dead are called "foreign agents"! This proves the extent of Zionist control of the Federal Government in Washington. All donations to aid in organizing a national memorial service in Washington on June 8, 1970, the third anniversary of the Zionist attack on the U. S. S. Liberty, will be appreciated. The staff is entirely volunteer, and every cent will be amply repaid in the pride, the honor, and the privilege of exercising our rights as American citizens to honor the massacred victims of an unprovoked attack. Will you join us on Liberty Day? Form a Liberty Day Committee in your town among the loyal people, or join us in Washington as we demonstrate to the Zionist aggressors that Americans will again have a voice in their government, that the silent majority will speak in favor of the heroic fighting men who have given us our most precious possession, our LIBERTY.
